

Holt Community Primary School Newsletter Autumn 4 20th October 2020

Year 5 have been using polystyrene tiles to print in the style of Andy Warhol.

Last week year 1 started to find out about seasons. They went into the wildlife area to see what they could find. There were lots of leaves changing colour, sweet chestnuts, seed heads, rose hips and fallen apples (which we think a mouse had been nibbling).

Year 3 have been making canopic jars containing the internal organs of a dead pharaoh.

We will be continuing with the staggered start in the mornings but for fairness we have decided to reverse the order after half term.

Year 2 had the perfect weather to get into the wildlife area and find out about Autumn. They used their senses to discover how Autumn has arrived and listened to some descriptive Autumn poems. They looked at conkers with magnifying glasses and then carefully drew them. They then used words to describe their conkers.
