

Year 2, Holt Class
Spring Term Newsletter

Welcome back!

I hope you all had a wonderful break. We have another exciting term ahead of us!

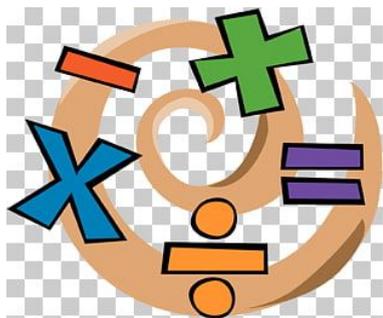

Topic

We're going to start the term with a geography topic, learning all about Australia. As we move into Spring, we will become super scientists and we will be exploring different plants and habitats.

English

Using Aboriginal folklore legends as a starting point, we will be exploring different stories to help us improve our own writing.

Maths

We're going to be measuring length and width in Maths this term. We will also be consolidating our work on number by learning about multiplication and division.

Spelling

Spellings will continue to be sent home on a Monday and tested the following Monday.

Supporting your child at home.

Thank you for all the support and encouragement you give your child at home. It is a joy to see reading records full of comments, high marks on their weekly spelling assessments and collaborative homework. Your child can also access the Norfolk Cloud Portal at home with their six logins, which gives them access to Google Drive and Espresso. Sumdog is also available to use with their logins.

Show and Tell

We are changing the way we do show and tell in our class this term. Previously, different tables took it in turns each week so that everyone got a turn and their turns were spread out. For this term, we're going to trial something different. Every half term, each child will be allowed 2 chances to show and tell. They can bring these in whenever they like, but they will only be able to share with the class 2 times. After the half term, we will begin again and everyone will have another 2 turns. We are hoping that this will encourage the children to choose carefully about what they want to share with the class.

As always, if you have any questions or concerns, please do come and see me or send me a message via Class Dojo.

Thank you,
Mrs Yexley.
