

# Bayfield Class News

Spring Term 2014

Happy New Year. All the children have been very excited to share their news about the fun things they have done over the holiday.

## Our Topics

**Winter-** We will look at typical Winter weather, clothes we need, stories about winter. We will then move on to learn about animals and people who live in Polar regions and how they are special.

**Our Community-** We will learn about the people and buildings in Holt. We would like parents to come to talk to the class about their jobs or something they do in the community. If anyone would like to do this please let us know. It would be only for 5 minutes and could be done by showing uniforms, equipment, photos.

We will also visit the church and other buildings in Holt.

## Letters and Sounds

We will continue learning initial phonemes and use these to blend to read simple words.

We are going to move on to learn digraphs (most containing two letters )

These will be

sh th ch ng ai ee igh oa oo ar or ur ow  
oi ear air ure er

Look for these in your child's sound book (this will happen as they become ready for this next stage).

Please look at a more detailed plan of the term on the wall outside the classroom.

If you have anything at home which will help with the topics your child is welcome to share this with the class.
