

Bayfield Class News

Summer Term 2014

Welcome back after the Easter Holiday. All the children have been very excited to share their news about the fun things they have done.

Our Topics

This half term we will be learning about how to grow seeds and what plants need to grow successfully. Hopefully by the end of the Summer term we might have some fruit and vegetables to eat!

We are also going to be focussing on Traditional stories -The Enormous Turnip, Jack and the Beanstalk, The Little Red Hen and others, We will be using these stories to make our literacy and numeracy work really exciting,

Next half term we will be learning about the Seaside. We are currently planning a trip(more details to follow).

If you have anything at home which will help with the topics your child is welcome to share this with the class.

Letters and Sounds

We are going to continue learn graphemes (most containing two letters)

sh th ch ng ai ee igh oa oo ar or ur ow
oi ear air ure er

We will use these in our writing as well as reading.

Look for these in your child's sound book (this will happen as they become ready for this next stage).

Sunny Weather

Please can your child have a sunhat and please can you apply sun cream before school when the weather becomes warmer. Thank you.
