

Holkham Class

Spring Term 2017 newsletter

Welcome back and Happy New Year!
I hope you all had a magical Christmas
break.

We have a very exciting term coming up!

Topic: We are going to begin this half term by learning all about humans. We will learn about our bones, muscles and organs and how to stay healthy and active. Once we are experts on humans, we are going to explore the realm of robots! We will be learning about how electricity works and will try to make our own working circuits (and hopefully robots!) We will also have the opportunity to continue to explore computing and programming.

English: We will begin the half term as 'personal trainers' and will use our knowledge to help offer advice on healthy living to others. We will create powerpoint presentations to show off our findings. As we move into our robot topic, we will be focusing on speech and learning about tense (past, present, future).

Maths: As we will be exploring healthy eating and lifestyles, we will learn all about data handling. We will learn how to read and interpret graphs, as well as collecting and representing our own data. We will also be learning about division.

P.E: Year 3s will continue to have P.E on a Thursday and swimming lessons on a Wednesday afternoon.

How you can help.

Please continue to read with your child as often as possible and encourage the learning of times tables.

Please continue to help and support your child with their homework and spellings, as necessary.

Here are some useful websites:

Maths: <http://www.bbc.co.uk/bitesize/ks2/maths/number/>
<https://www.sumdog.com/>

English: <https://www.nightzookeeper.com/>

The children have really enjoyed using **Sumdog**, so thank you for all your support at home with this. We have recently subscribed to another online learning game called **The Night Zookeeper**. This lets your child become a zoo keeper in a magical zoo, with challenges that inspire writing. We have already logged in to this at school (the login details are the same as Sumdog), but children are welcome to play, explore and write at home too.

English and Maths: <http://resources.woodlands-junior.kent.sch.uk/>

Spanish:

Class Dojo

Thank you for all the interest in Class Dojo. The children love earning points and it is wonderful to hear that so many parents are using it to see how well their child is doing in class.

If you have any questions, please feel free to message me via Class Dojo or pop in to see me.

Many thanks,

Miss Stocker. 😊
