Newsletter Spring 8

12th March 2018

Year 1 and 2 enjoyed their Maths Cafe with maths activities based on the story One is a Snail Ten is a Crab.

Children from years 1 to 6 took part in World Maths Day last week answering questions in competition against children from all over the world. Over the course of the event they played over 5000 games and earned points to help raise money for UNICEF to fund education projects around the world. 33 children have been awarded certificates of merit and will receive them this week.

We have registered to collect EDP 'Sports for School' tokens. We are aiming to collect 1000 tokens to become eligible for a free sports equipment pack. If you have any tokens then please put them in the box outside the office.
